

## The Ins and Outs of It.

If you get best wear out of a coat, best work must have gone into it. You can't get good bread out of poor flour.

Moral: You can't get the best out of anything, unless the best is in it; and the best has to be put in before it can be taken out. Now, we have a rule to test those sarsaparillas with a big "best" on the bottle. "Tell us what's put in you and we'll decide for ourselves about the best." That's fair. But these modest sarsaparillas say: "Oh! we can't tell. It's a secret. Have faith in the label."... Stop! There's one exception; one sarsaparilla that has no secret to hide. It's Ayer's. If you want to know what goes into Ayer's Sarsaparilla, ask your doctor to write for the formula. Then you can satisfy yourself that you get the best of the sarsaparilla argument when you get Ayer's.

Any doubt left? Get the "Carebook."  
It tells doubts but cures doctors.

## 1895 Rambler, \$75.00

Trusting that you may be interested in cycling, we take the liberty of stating to you a few facts about our wheels:

We need not trouble you with needless description of the World Famed "RAMBLER" Bicycle, which by its easy running, appearance, strength and lasting qualities has won for the makers a name world renowned.

The "RAMBLERS" are equipped with the great G. & J. Detachable Tire, which since its introduction to Honolulu has proved, by the numbers in use, the most successful and necessary adjustment to a bicycle.

We take great pleasure in recommending to our friends the "RAMBLER" and trust that in furnishing one to any person they will never have occasion to regret.

Our terms are such that a bicycle is no longer a luxury but a necessity in actual saving of time and money. We would ask you to but call and get our figures.

## 1896 Rambler, \$95.00

As is customary nearing the close of each year, the makers in order to get ready for the ensuing year, offer the present 1896 wheels at reduced prices. We are now prepared to give our customers the benefit of these reductions as long as our stock holds out. For those wishing an up to date wheel of the highest grade, one which we can guarantee to the fullest extent, we would offer the "RAMBLER." As to improvements for the coming season we would say we anticipate none. Such changes which may be made will, as has been the past two years, be changes immaterial to the improvement of the wheel in general.

Kindly give this some thought or call your friends' attention to it and oblige.

Yours truly,

**E. O. Hall & Son**  
LIMITED.

## NOVEL FURNITURE.

ATTRACTIVE DESIGNS FOR USEFUL AND CONVENIENT ARTICLES.

A Pretty Little Table For the Guest Chamber—Writing Chair and Cabinet Uniquely Combined—Cushioned Chest of Drawers That Answers For a Couch.

One of the thoughtful provisions for a guest's comfort and convenience is the placing within the room he is to occupy of writing materials. And if a few very

SMALL TABLE FOR GUEST CHAMBER. Readable books are also placed therein a wakeful night or an hour of daylight given up to rest may be made to pass more quickly and pleasantly.

A design for a little table fulfilling these two requirements of convenience and pleasure is shown herewith. The top is not over 14 inches square and is 30 inches above the floor. This top is double, as will be seen, the upper part being hinged to its counterpart beneath it in such a way that it may be turned over and down into the lap of the writer, where its inclined surface is at just the height and angle for easy writing.

If the top is 12 or 14 inches square and the table is 30 inches in height, this upper leaf will come into just the right position when inclined upon the knees of a person sitting in a chair of ordinary height. The drawers provide room for pens, ink, paper, envelopes, etc., while the shelf will hold a half dozen or more of entertaining novels. Such a dainty writing table not only greatly helps to furnish a guest chamber, but will prove a positive source of comfort and pleasure to the friend who occupies the room.

A unique article of furniture, particularly serviceable for any one who has much writing to do, is the combination writing chair and cabinet. The top at each side is just high enough for the arms to rest easily when one is ensconced upon the cushion. The work of writing will naturally be done upon the right hand side, while the other side will hold books of reference, extra writing material or other articles. The drawers and closet will hold all the material that the writer may wish to have about him. Such a piece of furniture is a very appropriate part of a library's furnishing—handsome in itself and more truly convenient than any one can realize until he has made use of it.

These pieces of furniture were originally illustrated and described in The Decorator and Furnisher, where their ingenious designer makes a suggestion for still another convenience.

It often happens that, for lack of room, easy chairs and a sofa or couch must be banished from a sleeping apartment. To meet such a case was invented a chest of drawers, with cushioned seat upon

A WRITING CHAIR AND CABINET. the top, thus combining two articles in one. The plain top has a loose cushion, with plenty of small down cushions above this to make a comfortable back or head rest. The body can be made six feet in length if desired, thus securing a couch, or in a shorter length to provide simply an easy seat or double seat.

Tomato Jam. If you want a delicious relish with meats, make some tomato jam. Peel and cook four pounds of ripe tomatoes until they are tender, then add two pounds of brown sugar, one pint of vinegar and two teaspoonsful each of cinnamon, cloves and salt and let them simmer four hours.

Superior breakfast sausage is a specialty at the Central Market. Ring up 104.

Mechanics' Home, corner Hotel and Nuuanu streets, lodging by day, week or month. Terms: 25 and 50 cents per night. \$1, and \$1.25 per week.

Sterling, the painter, is prepared to quote prices on roof painting. He uses a composition of coal tar and cement. Cheapest and best roof preparation in Honolulu.

## W. W. DIMOND'S

Our customers tell us that our novelties are the best that have ever been sold in Honolulu. As a rule kitchen novelties and labor saving tools don't amount to much, ours do.

The quick-cut mincing knife is one that cuts around the corners; being made half round, it is the best for chopping in a bowl. Fifteen cents is the price.

Every housekeeper knows that small bits of soap accumulate in the kitchen until they are thrown away. The kitchen soap shaker, made of wire, enables you to economize in respect to soap.

Half the fun of camping is in being able to flip a flap jack in the pan, but half the hunters and half the cooks don't save how. We have a cake turner that does flipping automatically. It costs 15 cents for a dollar's worth of satisfaction. It's made on the no-wear-out principle.

The Premier egg cup is a novelty that should be in use in every home. It saves scorching the fingers in opening the egg, it saves disappointment in the way of matured eggs being sent to the table, for by its use the age of the egg is ascertained before it leaves the kitchen; it guarantees satisfaction in every way.

We've more novelties than we can write about in one ad. Sink brooms at 15 cents is one of them and World's Fair toothpicks another. All good for the house. For staples we have:

Handsome candelabra lamps in brass. Royal banquet lamps, wrought iron \$6.10 each. Crystal font street lamps. Brass railroad lamps—excellent for steamer pursers. Wire epergnes for the table. All cheap.
